Good morning, WLHS students and families,

I hope this email finds each of you healthy and enjoying your summer. As you may know, last night the Board of Education approved the [Superintendent's plan for the reopening of our schools](#). Included, was our [Windsor Locks High School site-specific plan](#). This plan describes, in detail, changes to our traditional school opening, which is necessary for the health and safety of our students and staff.

Upon approval of the district reopening plan, a survey was sent out last night to all WLPS families, asking them to make a decision on whether or not their students would be returning to school in person. Your response is needed by August 7th. That survey can be found here: [Survey link for families](#)

Starting next week, and continuing through the remainder of summer, I would like to invite you to attend virtual WLHS specific feedback sessions. Not only will these sessions allow a platform for continued two-way communication, but they also provide opportunities to ask questions and offer feedback as we continue this process together. We may not have the answers to all of your questions, but your participation in this process will help to make this reopening as comfortable as possible for our students, staff, and families. Please know, that like many things right now, this plan is fluid and will be adjusted accordingly based on local and regional health trends and guidance from the State Department of Education.

Below is the schedule for the WLHS feedback sessions. If you are interested in attending a session, please use the link to register, at which time you will receive the details for joining our Zoom meeting room. Due to the likelihood of updates or revisions as we move through the summer, I will send out reminders with updated topics and registration links, as session dates approach.
